INTRODUCTION

The Land Rover Defender is ready for every journey in various conditions. As desirable as it is capable, the Defender offers you new levels of personalization with four unique Accessory Packs – Explorer Pack, Adventure Pack, Country Pack and Urban Pack.

You can also choose from a wide range of interior and exterior stand-alone accessories to help you and your family make more of your world.

With a selection of carrying and towing accessories, as well as wheels and wheel accessories, you can personalize your Defender, your way.

Find out more about the accessories available for your Defender at accessories.landroverusa.com

INTRODUCTION

METICULOUSLY DESIGNED AND ENGINEERED

Land Rover accessories are engineered by the same team who designed your vehicle. They are the experts who understand every inch of your Land Rover and its capabilities. Their expertise allows them to create accessories that complement the overall design of your vehicle, while optimizing performance.

TESTED TO THE HIGHEST INDUSTRY STANDARDS

All Land Rover accessories are rigorously tested and inspected to ensure they meet the exacting standards you expect from Land Rover. This ensures they always work in harmony with your vehicle.

Accessories are tested in extreme hot and cold temperatures to ensure they will perform in various conditions, all year round.

Corrosion resistance testing ensures accessories can withstand demanding climates such as coastal conditions, while a series of tests ensures seamless integration with your Land Rover vehicle's existing features.

Accessories are put through their paces in a series of bespoke tests specific to their design, function and the materials from which they're made.

Exterior accessory testing, for example, includes:

- Exposure to up to two years of direct sunlight known as 'Florida Weathering'
- Heat Aging Test for 500 hours
- Extreme Heat Test ranging from -40°F to 176°F
- Heat Shock Testing, during which parts are cooled to -40°F for 16 hours, and then heated to 158°F for 5 minutes
- Humidity Resistance Test, where accessories are subjected to 168 hours at 118°F in 95–100% humidity
- Accelerated Environmental Cycle Testing comprising a relentless barrage of salt, dirt and dust to simulate a lifetime of real-world driving.

QUALITY ASSURED

The Land Rover accessory limited warranty begins on the date of purchase of the accessory and is covered for 12 months of unlimited mileage or the balance of the new vehicle/emissions warranty, whichever is greater.

CARGO SPACE RUBBER MAT

LUXURY CARPET MATS

EXTERIOR

EXTERIOR STYLING

FIXED SIDE STEPS

Fixed Side Steps are a popular upgrade choice, assisting access to and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are made from Satin Black aluminum tube, with cast metal steps with a Silver finish and a black molded rubber mat. They have the iconic Land Rover Defender checkered design embossed in the rubber to complement the checkered accent on the hood. With one step on each side, the Land Rover Defender 90 has a maximum load capacity of 595 lbs. on each side of the vehicle. With two steps on each side, the Land Rover Defender 110 has a maximum load capacity of 595 lbs. on each side of the vehicle and up to 295 lbs. for each individual pad.

DEPLOYABLE SIDE STEPS

These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimizes impact on vehicle clearance height. Neatly stored under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob, and store automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminum step extrusions with a black molded rubber mat, which is embossed with the iconic checkered design and the 'Defender' logo. Maximum load capacity of 595 lbs. on each side of the vehicle. Kit includes right and left side steps, side step undershields, module and harness.

EXTERIOR STYLING

BRIGHT SIDE TUBES

Aluminum side tubes with bright finish provide an off-road inspired appearance and complement the vehicle's exterior design while providing some protection to the doors and body sills during off-road driving.

MATTE BLACK HOOD DECAL

Enhance the appearance of your Land Rover Defender with this Matte Black hood decal. Includes a self-adhesive vinyl decal and two inserts with either '90' or '110' cutout detail to be applied as appropriate to the specific body style.

EXTERIOR PROTECTION

FRONT EXPEDITION PROTECTION SYSTEM

For the ultimate in protection, the Front Expedition Protection System enhances the front bumper by offering robust protection to the front of the vehicle and improves off-road clearance. The system includes a premium 'A' frame protection bar with an attractive Ceres Silver Satin insert and lower section, raised corners and a front undershield if required. Rigorously tested to adhere to pedestrian protection regulations.

'A' FRAME PROTECTION BAR

The 'A' Frame Protection Bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite colored finish, it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

BRIGHT REAR SCUFF PLATE

A stainless steel bright rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road.

EXTERIOR PROTECTION

CHECKER BODY PROTECTION KIT

The Checker Body Protection Kit is ideal for protecting the paintwork from scratches. Manufactured from a high-quality, durable, 3mm thick plastic with an Anthracite colored finish, it is molded with the checkered design. This complements the checkered hood protection featured on all vehicles and echoes the heritage of the Land Rover Defender. The kit features styling pieces for the mirror covers, wheel arches, rear corners and rear bumper of the vehicle.

EXTERIOR PROTECTION

FRONT UNDERSHIELD

A robust, 5mm anodized aluminum front undershield with a bright finish provides protection to the front lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly, which enhances protection. Allows easy access to the recovery loop, which facilitates recovery of the vehicle if grounded. Rigorously tested to adhere to all pedestrian protection regulations, the undershield includes enhanced and comprehensive corrosion resistance to withstand harsh environments.

EXTERIOR PROTECTION

INFLATABLE WATERPROOF AWNING

A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails, it also has the flexibility to fit to either of the sides or the rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminum tent pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimize trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 6.5 feet depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 10.6 in. x width 10.6 in. x length 19.6 in. Deployed (approx.): height 7.2 ft. x width 7.8 ft. x length 6.8 ft. – not including guy ropes.

MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt while complementing the vehicle's exterior design.

CLASSIC MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt. These larger, flexible, classic mudflaps complement the vehicle's exterior design and echo the heritage of the Land Rover Defender. The rear mudflaps are Land Rover branded.

EXTERIOR PROTECTION

RAISED AIR INTAKE

Ideal when driving in dusty or sandy conditions, the Raised Air Intake helps protect the engine by taking in cleaner air from an elevated position, above the hood, thereby reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite colored finish, it secures to the vehicle's 'A' post and utilizes the existing air intake vent fixings.

WHEEL ARCH PROTECTION

Providing extended protection and enhancing the exterior style of the vehicle with a more rugged appearance, the Wheel Arch Protection is manufactured from a high-quality, durable plastic with an Anthracite colored finish. Easy to fit, they are ideal for protecting the wheel arches when driving off-road.

INTERIOR

INTERIOR STYLING

BRIGHT METAL PEDALS

Alternative premium pedal covers for an interior styling enhancement featuring a bright finish. Manufactured from etched and polished stainless steel and features hidden fixings for a clean finish.

LUXURY CARPET MATS

Luxurious, tailored, 0.42 lb/ft² deep pile carpet mat set with bright finish Land Rover ingot branding and waterproof backing, provides a stylish finishing touch and protection. Available in Ebony to complement all vehicle interiors.

PREMIUM CARPET MATS

Premium, tailored, 0.16 lb/ft² pile carpet mat set with waterproof backing provides a well-appointed finishing touch and protection to the interior.

INTERIOR STYLING

ILLUMINATED SILL TREADPLATES

Driver and passenger's front door sill treadplates add style to the vehicle and protect the sill trim from scuffs and scrapes. These stainless steel treadplates coordinate with your vehicle's interior to provide a premium appearance and durable finish. Featuring etched 'Defender' script, which subtly illuminates when the front doors are open using LED technology for low power consumption, safe operation and long life. Available in Ebony or Lunar.

PERSONALIZED ILLUMINATED SILL TREADPLATES

Driver and passenger's front door sill treadplates add style to the vehicle and protect the sill trim from scuffs and scrapes. These stainless steel treadplates coordinate with your vehicle's interior to provide a premium appearance and durable finish. Selecting from an approved set of fonts/typefaces, you can choose a personalized message which will be highlighted in white illumination when the front doors are open using LED technology for low power consumption, safe operation and long life. Available in Ebony or Lunar.

CARGO SPACE TREADPLATE

Manufactured from stainless steel, the Cargo Space Treadplate provides a premium Bright Silver finish to the rear cargo space area and protects the cargo space trim from scratches and scuffs when loading and unloading. Available with an Ebony or Lunar surround to complement the vehicle's interior.

INTERIOR PROTECTION

DEEP-SIDED RUBBER MATS

For the ultimate in footwell protection, this set of synthetic rubber mats contains deep-sided rubber mats for the first row and standard rubber mats for the second row. Perfect for containing sand, mud, water or snow from driver's and passenger's feet when returning to the vehicle. The mats are available in Ebony. The front mats follow the slope of the footwell for added protection. Both the first and second row mats attach securely to the floor with retention clips.

EBONY SEAT COVERS

Helps protect seats from dampness and dirt or general wear and tear from passengers and pets. Manufactured from 210D nylon, these tailored, Ebony seat covers are highly durable and wipe clean. Easy to fit using elastic, velcro and gripping inserts, each cover protects the entire seat including the headrest.

PROTECTIVE SECOND ROW SEAT COVER

Protects second row seats, door linings, floor and back of first row seats from dampness, dirt and general wear and tear.

INTERIOR PROTECTION

CARGO SPACE RUBBER MAT

The cargo space synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear cargo space from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, a retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stored under the mat or detached when not in use.

CARGO SPACE SEMIRIGID LINER

Increase the protection of the cargo space area with the Cargo Space Semirigid Liner, which features 1.9 in. high raised edges to both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stored under the liner when not in use.

INTERIOR PROTECTION

QUILTED CARGO SPACE LINER

This tailored liner covers and protects all the carpeted areas of the cargo space including the floor, second row seat backs and cargo space side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector, it is easy to wipe clean.

CARGO SPACE FULL PROTECTION LINER

The Cargo Space Full Protection Liner is the ideal solution to fully protect the cargo space when transporting large or dirty items. It is designed to cover the cargo space floor, sides, headliner and the inside rear door, providing full protection to the cargo space area from wet or muddy items like boots, garden waste or leisure equipment.

INTERIOR PROTECTION

CARGO SPACE PARTITION NET

The convenient Cargo Space Partition Net provides a soft alternative to the Cargo Space Partition. Helps protect passengers from loose items in the cargo space area. The net fits to the cargo space 'D' loops and fixings in the roof lining. The net is easily detachable when not required.

CARGO SPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the cargo space area from entering the passenger compartment. Fits to the base of second row seating and to fixings in the roof lining.

FUNCTION AND TECHNOLOGY

ACTIVITY KEY

The Activity Key works like a conventional vehicle key, allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a conventional key might not be convenient.

FUNCTION AND TECHNOLOGY

The Click and Go range provides a platform for a multitude of options, whether you need to store a jacket crease-free with the Click and Hang attachment or entertain the family with Click and Play. All accessories seamlessly integrate with your Land Rover vehicle's stylish interior, enabling you to create an environment that's perfect for all your needs.

CLICK AND WORK

The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cupholder and is height and angle adjustable for in-cabin comfort.

CLICK AND PLAY

This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.

CLICK AND HANG

This removable coat hanger allows shirts or jackets to be kept crease-free while transporting. Also includes an integral hook for use outside the vehicle.

CLICK AND HOOK

This universal hook creates extra storage space for items to be hung. Especially useful for handbags or groceries.

FUNCTION AND TECHNOLOGY

CENTRAL ARMREST COOLER/WARMER

Food and drinks cooler and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

PREMIUM SEATBACK STORAGE

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items.

SEAT BACK STORAGE

Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items.

FUNCTION AND TECHNOLOGY

LUGGAGE RETENTION NET

Prevents items and luggage from moving around the cargo space during transit. Utilizes the cargo space 'D' loops and includes floor net and two ratchet straps, which are approximately 6.5 ft. long.

CARGO SPACE RAILS

Cargo Space Rails increase the flexibility of cargo space storage by allowing the fitment of the Cargo Space Retention Kit and Security Box.

PET PRODUCTS

110
ONLY

FOLDABLE PET CARRIER

The Foldable Pet Carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in their vehicle. Manufactured from a durable 600D nylon, the Foldable Pet Carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient storage option for other pet accessories or small items. Height 20.5 in., width 20.5 in., length 28.4 in.

SPILL RESISTANT WATER BOWL

Providing a convenient solution for use in transit or outside of the vehicle, the Spill Resistant Water Bowl incorporates a clever design feature that redirects water toward the center of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the cargo space 'D' loop. The bowl has a spill resistant capacity of 11.8 oz.

PORTABLE RINSE SYSTEM

Designed to be used outside the vehicle, the Portable Rinse System provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower-hose-style attachment. Without the need for batteries or external power, the system utilizes pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurize if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional storage bag it can be secured to the cargo space 'D' loops during transit, making it ideal for owners who regularly carry dogs or other pets in their vehicle.

PET PRODUCTS

PET ACCESS RAMP

Designed with optimal dimensions and angle, the Pet Access Ramp assists pets into the cargo space area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The ramp is suitable for use for pets up to 187.4 lbs. and features aluminum side panels and a plastic center section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the cargo space 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 17.6 lbs. and can be folded for storage in the storage bag provided. Height 4.3 in., width 16.1 in., length when open 76 in. and length when closed 32.7 in.

QUILTED CARGO SPACE LINER

This tailored liner covers and protects all the carpeted areas of the cargo space including the floor, second row seat backs and cargo space side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean, making it ideal for owners who regularly carry dogs or other pets in the cargo space area of their vehicle.

PET PRODUCTS

CARGO SPACE RUBBER MAT

The cargo space synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear cargo space from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stored under the mat or detached when not in use.

CARGO SPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the cargo space area from entering the passenger compartment. Fits to the base of first row seating and to fixings in the roof lining.

PET PRODUCTS

PET TRANSPORTATION PACK

Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the Foldable Pet Carrier, Spill Resistant Water Bowl and Cargo Space Rubber Mat. The perfect solution for owners who regularly carry dogs or other pets in their vehicle.

PET CARGO SPACE PROTECTION PACK

Designed to provide protection and easy cleaning of the cargo space from wet and muddy paws. Combines the Quilted Cargo Space Liner, Full-Height Luggage Partition and Spill Resistant Water Bowl. The perfect solution for owners who regularly carry dogs or other pets in their vehicle.

PET CARE AND ACCESS PACK

Taking the effort out of transporting pets, this option ensures everything required is at hand to transport pets in comfort. Combines the Full-Height Luggage Partition, Quilted Cargo Space Liner, Pet Access Ramp and Portable Rinse System. The perfect solution for owners who regularly carry dogs or other pets in their vehicle.

CARRYING AND TOWING

CARRYING

DEPLOYABLE ROOF LADDER

Exclusive to Land Rover Defender, the Deployable Roof Ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimized to minimize wind noise and has a unique, two stage deployment to ensure a compact size when stored. Mounting to fixings in the body side and roof, it maximizes roof accessibility.

EXTERIOR SIDE-MOUNTED GEAR CARRIER

Exclusive to Land Rover, the Exterior Side-Mounted Gear Carrier provides easy-to-access storage on the outside the vehicle. Designed for aerodynamic performance and to minimize wind noise, it is material tested to ensure it can withstand harsh environments. It is also compatible with the radio antenna, but metallic objects inside the gear carrier may affect radio performance. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle.

CARRYING

CROSS BARS

Designed and engineered specifically for the Land Rover Defender, the Cross Bars are optimized for aerodynamic performance and to minimize wind noise. Manufactured from anodized aluminum for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the Cross Bars are fitted to the Roof Rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying.

LUGGAGE CARRIER

Flexible rack system to facilitate roof carrying.

CARRYING

EXPEDITION ROOF RACK

The Expedition Roof Rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle while providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimize wind noise. The expedition roof rack fits directly to the Roof Rails, providing a flexible roof carrying solution that can be removed when not required.

ROOF BOX

Roof mounted luggage box with sleek, aerodynamic design. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security.

CARRYING

SKI AND SNOWBOARD CARRIER

The Ski and Snowboard Carrier is designed to fit directly into the Cross Bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces.

AQUA SPORTS CARRIER

Suitable for carrying a sailboard, canoe or kayak. Includes lockable multipurpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution while protecting the equipment and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the Aqua Sports Carrier is 99.2 lbs.

AQUA SPORTS CARRIER FOR TWO KAYAKS

Suitable for carrying two kayaks or canoes. Also suitable for transporting crafts such as small boats. T-track adapter and adjustable 9 ft. strap included.

CARRYING

FORK MOUNTED BICYCLE AND WHEEL CARRIER

Fitted to the roof, the Fork Mounted Bicycle and Wheel Carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of two holders can be fitted. The maximum bike weight is 37.5 lbs. per carrier.

WHEEL MOUNTED BICYCLE CARRIER

A roof mounted bicycle carrier that is easy to fit and mounts to the T-tracks of the Cross Bars. Manufactured from premium materials to withstand harsh environments. Suitable for bike frames up to 100mm. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading. Securely keeps bike in place with locks included for both bike to bicycle carrier and bicycle carrier to Cross Bars. Carries one bike per holder and a maximum of three holders can be fitted. The maximum bike weight is 44 lbs. per carrier.

TOWING

TOWING SYSTEM*

2 in. square towing receiver for all your towing needs. Approved for up to 8,201 lbs. maximum towing capacity and 771.6 lbs. nose load.

TOWING HITCH - AIR SUSPENSION

The Tow Hitch is designed to offer optimal tow ball height. Includes hitch with quick switch ball shaft, 2 in. and 1 7/8 in. multi-fit balls and locking hitch pin. Supplied in Land Rover branded carry case.

*Never tow beyond a vehicle's permissible towing capacity. Before towing, please consult the owner's manual or your local authorized Land Rover Retailer for more details.

WINCH

REMOTE CONTROL ELECTRIC WINCH*

Superior capability can be achieved through the addition of a powerful, remote control, electric winch. Designed to fit to the front of your Land Rover Defender, this winch comes with a wireless remote control and a remote controlled clutch, allowing operation away from the vehicle. Manufactured by Warn, this winch has a pre-set maximum pull force of 10,000 lbs. via the overload device. Supplied with 80 feet of 3/8 in. Spydura synthetic rope, making it more practical, user-friendly and easier to handle.

*Before using the winch, please consult the owner's manual or your local authorized Land Rover Retailer for more details.

WINCH ACCESSORY KIT

The Winch Accessory Kit includes two 'D' shackles, a snatch block, a 2 in. x 8 ft. tree trunk protector, a pair of heavy duty leather and cotton gloves and a winch manual, all provided in a rugged, red nylon soft case.

WHEEL ACCESSORIES

STYLED VALVE CAPS

This exclusive range of styled valve caps, available in a choice of designs, provides a subtle styling enhancement to alloy wheels.

WHEEL NUT KIT

Set of 20 wheel nuts, recommended for use with Gloss Black finish alloy wheels.

LAND ROVER WHEEL CENTER CAP

Enhances and adds style to alloy wheels. Features Land Rover logo.

LOCKING WHEEL NUT KIT

Manufactured to demanding safety standards, locking wheel nuts provide added security at a low cost for valuable wheels and tires. Kit includes a set of four locking wheel nuts and one key tool.

SNOW TRACTION SYSTEM

The snow traction system is designed to give improved steering and braking control on snow and ice, when fitted to front wheels. Easy-fit design, manufactured from high quality hardened galvanized steel, the chains are supplied in a tough vinyl carry bag for storage when not in use.

TIRE PRESSURE GAUGE

Digital tire pressure gauge which stores recommended pressure and has a 360° rotating nozzle to locate tire valve, LED light to locate tire valve, tread depth gauge to measure tire tread depth, measuring in psi, bar, kpa, kg/cm². Range 0-99 psi/0- 7 bar and comes complete with storage case.

The deployable side steps are compatible with front mudflaps and front classic mudflaps. Not compatible with fixed side steps or side tubes.		■	VPLEDSS000	
Fixed Side Steps*	Fixed side steps are a popular upgrade choice, assisting access to and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminum tube, with cast metal steps with a Silver finish and a black molded rubber mat. They have the iconic Land Rover Defender checkered design embossed in the rubber to complement the checkered accent on the hood. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 595 lbs. on each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 595 lbs. on each side of the vehicle, and up to 295 lbs. for each individual pad.	Features one step pad on each side. Not compatible with bright side tubes.		■	VPLEP0391	
		Features two step pads on each side. Not compatible with deployable side steps or bright side tubes.			■	VPLEP0392
Matte Black Hood Decal	Enhance the appearance of your Land Rover Defender with this Matte Black hood decal. Includes a self-adhesive vinyl decal and two inserts with either '90' or '110' cut out detail to be applied as appropriate to the specific body style.			■	■	VPLEB0438

*Fitting of side steps or side tubes may affect the off-road capability of the vehicle.

Checker Body Protection Kit	The checker body protection kit is ideal for protecting the paintwork from scratches. Manufactured from a high-quality, durable, 0.1 in. thick plastic with an Anthracite colored finish, it is molded with the checkered design. This complements the checkered hood protection featured on all vehicles and echoes the heritage of the Land Rover Defender.	■		VPLECQR001
			■	VPLECQR000
		■	■	VPLEP0419
Front Undershield	A robust, .2 in. anodized aluminum front undershield with a bright finish provides protection to the front lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly, which enhances the protection. Allows easy access to the recovery loop, which facilitates recovery of the vehicle if grounded. Rigorously tested to adhere to all pedestrian protection regulations, the undershield includes enhanced and comprehensive corrosion resistance to withstand harsh environments.	■	■	VPLEP0436
Wheel Arch Protection	Providing extended protection and enhancing the exterior style of the vehicle with a more rugged appearance, the wheel arch protection is manufactured from a high-quality, durable plastic with an Anthracite colored finish. Easy to fit, they are ideal for protecting the wheel arches when driving off-road. The wheel arch protection includes an integrated reflector and side marker and satisfies local market requirements.	■		VPLEP0382
			■	VPLEP0380
Bright Rear Scuff Plate	A stainless steel bright rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road.	■	■	VPLEP0447
'A' Frame Protection Bar*	The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite colored finish, it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.	■	■	VPLEAFP001

Raised Air Intake	Ideal when driving in dusty or sandy conditions, the raised air intake helps protect the engine by taking in cleaner air from an elevated position, above the hood, and therefore reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite colored finish, it secures to the vehicle's 'A' post and utilizes the existing air intake vent fixings.		■	■	VPLEP0435
Inflatable Waterproof Awning	A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails, it also has the flexibility to fit to either of the sides or rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminum tent pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimize trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 6.5 feet depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 10.6 in. x width 10.6 in. x length 19.6 in. Deployed (approx.) height 7.2 ft. x width 7.8 ft. x length 6.8 ft. – not including guy ropes.	Roof rails not required for fitment.	■	■	VPLEP0432

PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER		
Protective Second Row Seat Cover	Protects second row seats, door linings, floor and back of first row seats from dampness, dirt and general wear and tear.		■	VPLVS0312		
Cargo Space Rubber Mat	The cargo space synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear cargo space from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, a retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stored under the mat or detached when not in use.	■		VPLES0565		
			■	VPLES0566		
Cargo Space Semirigid Liner	Increase the protection of the cargo space area with the cargo space semirigid liner which features 1.9 in. high raised edges on both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stored under the liner when not in use.	■		VPLES0569		
Quilted Cargo Space Liner	This tailored liner covers and protects all the carpeted areas of the cargo space including the floor, second row seat backs and cargo space side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector, it is easy to wipe clean.		■	VPLES0568		
Cargo Space Full Protection Liner	The cargo space full protection liner is the ideal solution to fully protect the cargo space when transporting large or dirty items. It is designed to cover the cargo space floor, sides, headliner and the inside rear door, providing full protection to the cargo space area from wet or muddy items like boots, garden waste or leisure equipment. The liner anchors securely to the 'D' loops to keep it in place and as the full interior is covered it also keeps bulky objects hidden from view, providing additional security. When loading, the padded panel drops down and acts as a bumper protector and a side zip allows easy access to the cargo space area.		■	VPLRS0410		
Cargo Space Partition	Designed to prevent luggage or other items stored in the cargo space area from entering the passenger compartment. Fits to the base of first row seating and to fixings in the roof lining.	Full height	Fits behind first row seats only.	■	VPLES0544	
		Full height, 5 seat		■	VPLES0545	
	Designed to prevent luggage or other items stored in the cargo space area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining.	Full height, 5+2 seat	Fits behind second row seats only.		■	VPLES0611
		Half height, 5 seat			■	VPLES0546
		Half height, 5+2 seat			■	VPLES0612
This useful divider can be fitted to the cargo space partition to separate the cargo space area into two sections, convenient for separating fragile or dirty items.	Cargo space divider	Fits behind second row seats only. Compatible with both full height and half height cargo space partition.		■	VPLES0547	
Cargo Space Partition Net	Convenient cargo space partition net provides a soft alternative to the cargo space partition. Helps protect passengers from loose items in the cargo space area. The net fits to the cargo space 'D' loops, provided with the kit, and fixings in the roof lining. The net is easily detachable when not required.		Fits behind first row seats only.	■	LR133512	
	Convenient cargo space partition net provides a soft alternative to the cargo space partition. Helps protect passengers from loose items in the cargo space area. PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER		
Activity Key	The Activity Key works like a conventional vehicle key, allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a conventional key might not be convenient. The water-resistant, weatherproof Activity Key allows owners to securely lock and unlock all their vehicle's doors, including the cargo space area, using the LCD screen**, which also displays the time. This Activity Key also enables owners to start and drive their vehicle. Its black wristband has a standard pin size, making the key easy to personalize with a .86 in. strap of your choice. The Activity Key can be charged from inside the vehicle using its unique Activity Key USB charger.	Wristband, 315Mhz	An Activity Key charging cable is also available and can be ordered separately.	■	■	LR147248
	Unique to Land Rover, the Activity Key charging cable allows the Activity Key wristband to be charged from inside the vehicle.	Activity Key charging cable	■	■	LR154899	
Click and Go Base	The Click and Go range is a multipurpose seat back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.		Requires vehicle to have adjustable headrest for fitment. Required for fitment of Click and Go attachments when the Click and Go integrated base unit is not fitted as standard.	■	■	VPLRS0388
Click and Hang	The Click and Hang is part of the Click and Go range. This removable coat hanger allows shirts or jackets to be kept crease-free while transporting. Also includes an integral hook for use outside the vehicle.			■	■	VPLRS0390
Click and Hook	The Click and Hook is part of the Click and Go range. This universal hook creates extra storage space for items to be hung. Especially useful for handbags or groceries.			■	■	VPLRS0389
Click and Play	The Click and Play holder is part of the Click and Go range. This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.	For iPad 2 - 4	Click and Go base required for fitment. Vehicles fitted with Click and Go integrated base do not require Click and Go base VPLRS0388.	■	■	VPLRS0391
		For iPad Air 1st generation and iPad Air 2 with 9.7 in. screen size only		■	■	VPLRS0392
		For iPad Mini 1 - 3 Not applicable for iPad mini 4		■	■	VPLRS0393
		For Samsung 10.1 in. Tab 3 and Tab 4 only		■	■	VPLRS0394
Click and Work	The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.			■	■	VPLRS0395

**The Activity Key is compatible with keyless entry so for vehicles with this feature the owner does not need to use the LCD screen to unlock their vehicle.

PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER
Center Armrest Cooler/Warmer	Food and drinks cooler and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.	■	■	VPLVS0176
Seat Back Storage	Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items.	■	■	VPLVS0181
Premium Seat Back Storage	Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items.	■	■	VPLVS0182
Seat Backpack	The seat backpack is for use both inside or outside the vehicle. Ideal for both leisure or business purposes as convenient flight luggage, as the seat backpack falls within the maximum dimension for cabin luggage. When used inside the vehicle, the seat backpack fits neatly into the middle of the second row seating and is secured to the center seat via the seat belt. The sides are rigid with support in the lid, allowing it to be used as an armrest, console or as an adjustable drinks holder. Essential items can be kept within easy reach of second row passengers and then conveniently zipped up and taken with them when they leave the vehicle. Made from contrast black and dark gray nylon with a light gray interior and a non-slip base, this Land Rover branded seat backpack sports numerous pockets including one on the outside and one on the inside of the lid and internal side pockets. The drinks holder is adjustable using a velcro divider to accommodate a variety of containers. The zipped front opening can be opened from either side, and it has a convenient carry handle at the top and two adjustable arm straps that store away neatly in the rear pocket when not in use. Capacity 5.2 gallons.	■	■	VPLES0573
Windshield Sun Shield	UV windshield sun shield reflects the sun's rays and helps to keep the vehicle interior cool in hot weather.	■	■	VPLES0571
Integrated Air Compressor	The integrated air compressor can be used to both inflate and deflate to pre-set defined pressures. Designed for adjusting tire pressures as well as to inflate bicycle tires with Schrader valves, air beds and other inflatable items such as the inflatable waterproof awning. Permanently integrated into the cargo space, and with an Eiger Grey finish, it complements other cargo space trim features, with minimal impact on storage space. The hose is extendable to reach all tires easily and comes in a highly visible, bright orange finish to minimize trip hazards in low light. The easy to use dial and digital display can be set to required pressure and includes three nozzle attachments to suit a variety of applications. The hose is 16.4 ft., self-coiling and is provided in a Land Rover branded, hard wearing 600D nylon black bag with a zipped opening and carry handle for convenient storage. It also has a carabiner for secure storage to a 'D' loop.	■		VPLES0617
Portable Rinse System	Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for rinsing outdoor equipment such as muddy boots, bikes and wetsuits before loading. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower-hose-style attachment. Without the need for batteries or external power, the system utilizes pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurize if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional storage bag it can be secured to the cargo space 'D' loops during transit.	■	■	VPLCS0598
Collapsible Organizer	Collapsible luggage organizer keeps items from shifting during transport. Can be easily folded away when not in use.	■	■	VPLVS0175
Cargo space Security Box	A lockable security box manufactured in heavy duty steel with an anti drill lock can be fitted to the cargo space rails, using fixings inside the box. Provides a secure storage for laptops, tablets or other small valuables. Ideal for storing various items securely and out of sight and is lockable with its own key. Internal dimensions 15.7 x 13.8 x 3.9 in.	Not applicable for 5+2 seat vehicles	Requires cargo space rails for fitment.	■ VPLVS0183

PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER
Deployable Roof Ladder	Exclusive to the Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimized to minimize wind noise and has a unique, two stage deployment to ensure a compact size when stored. Mounting to fixings in the body side and roof, it maximizes roof accessibility. The roof ladder is lockable when in the stored position to ensure it is secure. The ladder has anodized aluminum steps with black, powder-coated aluminum sides, set in a high-quality, durable plastic with an Anthracite colored finish frame. For additional durability the top and bottom steps are rubber coated to help improve grip. The maximum weight capacity of the ladder is 330 lbs., sufficient for a person carrying equipment to the roof.	■	■	VPLER0189
Exterior Side-Mounted Gear Carrier	Exclusive to Land Rover, the exterior side-mounted gear carrier provides easy-to-access storage on the outside the vehicle. Designed for aerodynamic performance and to minimize wind noise, it is material tested to ensure it can withstand harsh environments. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle. It has a stay to hold the lid safely open when loading or unloading. An interior net ensures that contents remain secure when in transit and are contained when opening the lid. It also has a rubber stopper in the base to facilitate cleaning and drainage. Finished in Ceres Silver Satin with a Land Rover badge, it has a volume of 6.3 gallons with a maximum carrying capacity of 37.5 lbs.	■	■	VPLEP0437
Cross Bars†	Designed and engineered specifically for the Land Rover Defender, the cross bars are optimized for aerodynamic performance and to minimize wind noise. Manufactured from anodized aluminum for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the cross bars are fitted to the roof rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying. Lockable for enhanced security, they include a T-track design to facilitate installation and removal of roof carrying accessories. Material tested to withstand harsh environments including corrosion resistance. When fitted, the maximum carrying capacity of the cross bars is 207.2 lbs.	■		VPLER0179
			■	VPLER0178
Expedition Roof Rack†	The expedition roof rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle while providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimize wind noise. The expedition roof rack fits directly to the roof rails, providing a flexible roof carrying solution that can be removed when not required. It also comprises T-track bars to allow a variety of items to be attached. The expedition roof rack is manufactured from anodized aluminum rails set in a cast alloy powder-coated black frame. The bespoke design maintains the opening function of the sunroof and compatibility with the antenna reception. When fitted, the maximum carrying capacity of the expedition roof rack is up to 194 lbs. for 90 and 291 lbs. for 110, depending on tire specification.	■		VPLER0180
		Not compatible with cross bars or roof box.		■
Luggage Carrier**†	Flexible rack system to facilitate roof carrying.	■	■	VPLRR0159
Roof Box**†	Roof mounted storage box with sleek, aerodynamic design to help minimize drag and wind noise. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security. The central safety locking system ensures that the key can only be removed from the lock when all locking points are securely closed. The roof box is TUV approved and meets City Crash test requirements. External dimensions: 67 in. long, 33.9 in. wide, 17.6 in. high. Volume 105.6 gallons. Box weight 38.5 lbs. The maximum carrying capacity of the roof box is 165.3 lbs.	■	■	VPLZR0191

**Not applicable for V8. Roof rails and cross bars are required for fitment. †Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

Please Note: Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the sunroof to avoid collision with any items fitted above the vehicle.

Aqua Sports Carrier*†	Suitable for carrying a sailboard, canoe or kayak. Includes lockable multipurpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution while protecting the equipment and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 99.2 lbs.	■	■	VPLGR0107
Aqua Sports Carrier for Two Kayaks*†	Suitable for carrying two kayaks or canoes. Also suitable for transporting crafts such as small boats. T-track adapter and adjustable 9 ft. strap included.	■	■	VPLWR0099
Ski and Snowboard Carrier*†	The ski and snowboard carrier is designed to fit directly into the cross bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces. Oversize push buttons facilitate opening and closing while wearing gloves. The one key lock system locks the skis or snowboards to the carrier and the carrier to the vehicle for enhanced security. The carrier can carry either four pairs of skis, or two snowboards, or two pairs of skis and one snowboard. It is designed to carry most types of skis and snowboards including those with tall bindings. When fitted, the maximum carrying capacity of the ski and snowboard carrier is 79.3 lbs.	■	■	LR006849
Ski Bag	The Land Rover padded ski/snowboard bag carries up to two pairs of skis and poles up to 70.8 in. long. It is manufactured from durable 600D polyester and features removable shoulder straps.	■	■	VPLGS0166
Fork Mounted Bicycle Carrier*†	Fitted to the roof, the fork mounted bicycle and wheel carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of two holders can be fitted. The maximum bike weight is 37.5 lbs. per carrier.	■	■	VPLWR0101
Wheel Mounted Bicycle Carrier*†	A roof mounted bicycle carrier which is easy to fit and mounts to the T-tracks of the cross bars. Manufactured from premium materials to withstand harsh environments. Suitable for bike frames up to 3.9in. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading. Securely keeps bike in place with locks included for both bike to cycle carrier and cycle carrier to cross bars. Carries one bike per holder and a maximum of three holders can be fitted. The maximum bike weight is 44 lbs. per carrier.	■	■	VPLFR0091

*Roof rails and cross bars are required for fitment. †Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

Please Note: Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

CARRYING AND TOWING

TOWING[†] (CONTINUED)

■ Available Not available

PRODUCT NAME	DESCRIPTION		90	110	PART NUMBER
Towing Receiver Kit*	2 in. square receiver for all your towing needs. Approved for up to 8,201 lbs. maximum towing capacity and 771.6 lbs. nose load. Towing Hitch available separately.	Ceres Silver Satin tow eye cover	■	■**	VPLENAS000
		Satin Starlight tow eye cover	■	■**	VPLENAS001
Towing Hitch	The tow hitch is designed to offer optimal tow ball height. Includes hitch with quick switch ball shaft, 2 in. and 1 7/8 in. multi-fit balls and locking hitch pin. Supplied in Land Rover branded carry case.	For vehicles fitted with air suspension.	■	■	VPLEY0116
		For vehicles fitted with coil suspension.	■	■	VPLEY0117
Tow Hitch Cover	Help seal your 2 in. tow hitch receiver from dirt and debris with this durable tow hitch cover. Made from rubberized exterior-grade plastic, it includes a custom lanyard to help keep the cover safe from loss if accidentally removed.		■	■	VPLWY0084
Tow Strap	Constructed from hard wearing polyester webbing with a safety hook at each end, the tow strap is designed to cope with a maximum load capacity of 6,614 lbs. The reflective storage bag can double up as a warning flag if placed in the middle of the strap.		■	■	STC8919AA

*Towing electrics are capable of powering caravans, trailers or lighting boards including those fitted with rear mounted LED lamp kits. However there is a minimum current required which some auxiliary lighting may not support. Please refer to the Owner's Handbook for details of the minimum and maximum electrical loading supported.

[†]Never tow beyond a vehicle's permissible towing capacity. Before towing, please consult the owner's manual or your local authorized Land Rover Retailer for more details.

CARRYING AND TOWING

WINCHES
